

# DermaFast

**Coal Tar Oil + Salicylic Acid Shampoo**  
**Potent Anti-Fungal Medicated Shampoo**

## Brief Description :

**Coal Tar Oil :** Coal Tar Oil is used on the hair/scalp to treat dandruff and other scaly, itchy skin conditions (psoriasis or seborrheic dermatitis). Coal tar belongs to a class of drugs known as keratoplastics. It works by causing the skin to shed dead cells from its top layer and slow down the growth of skin cells.

**Salicylic Acid :** Salicylic acid is one widely available treatment option for scalp conditions, including dandruff and seborrheic dermatitis of the scalp. However, a healthier scalp can lead to better hair health overall.

## Indication :

- \* Seborrheic dermatitis
- \* Recurrent scalp Psoriasis
- \* Lichen planus
- \* Tough dandruff
- \* Tinea capitis
- \* Impetigo
- \* Scalp Ringworm
- \* Scalp Scleroderma

## More Benefits :

- \* Moisturizes Hair
- \* Provides Conditioning effect
- \* Makes hair strong and long

## Usage :

Wet hair and scalp completely with water. Apply the shampoo & produce enough lather to clean hair and scalp. Massage gently over entire scalp. Rinse hair with warm water. Dry hair thoroughly after the final rinse. To prevent recurrence use 2-3 times in a week or as directed by Reg. Physician.

**Side Effects :** Generally well tolerated, No side effects in recommended usage.

**Contraindications :** Contraindicated in those who are hypersensitive to any component of the product.

**Pregnancy & Lactation :** All types of medicine requires doctor's recommendation during Pregnancy & Lactation.

**Storage :** Store at temperature below 30°C, protect from light & moisture.

**Caution :** Keep all medicine away from the reach of children.

**Pack Size :** 100 ml Bottle.
