

Capsule

# FenuBoost

**Fenugreek**

**(*Trigonella foenum-graecum*) 500mg**

**Description :** FenuBoost (Fenugreek) supports lactation in breastfeeding mothers. Fenugreek increases milk production due to its phytoestrogen content (plant compounds that mimic estrogen in the body) and other bioactive compounds.

**Increase Milk Supply:** Fenugreek is one of the most widely used galactagogues (substances that promote milk production). It stimulates milk production by affecting hormone levels and helping to enhance the milk ejection reflex.

**Promote Hormonal Balance:** The phytoestrogens in fenugreek helps balance estrogen levels, which improves milk production.

**Composition :** Each capsule contains Fenugreek (*Trigonella foenum-graecum*) 500mg & other ingredients.

**Indication :**

**Prolactin stimulating :** Boosts levels of prolactin, the hormone responsible for milk production.

**Enhancing Let-Down Reflex :** Improving milk flow and ejection.

**Supporting Hormonal Balance :** Normalizing hormonal functions that aid lactation.

**Nourishing the Body :** Providing essential nutrients to support milk production and overall health.

**Improved Maternal Health :** Enhance immunity and energy levels with mental stability.

**Reduced Stress and Anxiety :** Alleviate stress and promote emotional well-being.

**Dosage :** 1 capsule 1-2 times daily or as directed by the reg. physician.

**Drug Interaction :** Does not interact with other medicines.

**Side Effects :** No side effects in recommended dosage.

**Contraindications :** Contraindicated to the patients who have hypersensitivity to any ingredients of this medicine.

**Storage :** Store at temperature below 30°C, protect from light & moisture.

**Caution :** Keep all medicine away from the reach of children.

**Presentation:**

3x10 cap. in alu-pvc/alu-alu blister/plastic container.

2x15 cap. in alu-pvc/alu-alu blister/plastic container.
